WHY EXHIBIT AT A SKILLS ENGLAND EVENT?

As education responds to the Covid-19 pandemic, we are acutely aware that now more than ever young people need guidance, access, and information on careers to support them as they plan for the future.

*'44% of 16-25 year olds say their aspirations for the future are now lower as a result of the pandemic'*** , The Prince's Trust, 29 September 2020

Our Skills England events bring together national and local employers from a wide range of sectors as well as training and further education providers. Being part of our event will provide you with the ideal opportunity to promote your organisation and engage with students from year 10-13 together with their key influencers.

Providing career advice and guidance is an essential element for schools to deliver against Gatsby Benchmarks, and 97% of schools contacted by us said they will support the events and allocate time to visit*. We recognise that the huge level of virtual events has created both good and bad experiences, but we are confident and will use our extensive experience of delivering the Skills England series to create a virtual environment which gives you and young people the opportunity to create meaningful connections.
