50TH ANNIVERSARY AND BEYOND

In 2022/23, Hull Truck Theatre celebrates its 50th anniversary year, programming a number of exciting new productions. From **71 Coltman Street**, which explored Hull Truck Theatre's origin story by playwright Richard Bean, to a re-telling of John Godber's classic **Teachers**. In addition to this, the theatre staged a BSL embedded production of festive family favourite, **A Christmas Carol**, which was positively received by both audiences and critics alike, and is now the theatre's biggest selling show of all time!

Looking to the future, Hull Truck Theatre will continue to focus on the areas that are close to its heart: nurturing new talent, supporting local artists, connecting with its communities and inspiring children and young people. The theatre is an access and inclusion champion and will continue to find ways to further its work and representation in these areas too.

NOTABLE PROJECTS AND PROGRAMMES

- Community Dialogues

Hull Truck's flagship community engagement program works with groups and organisations across the city to ensure that Hull Truck Theatre is a place for everyone, regardless of background or financial barriers.

Its team forms partnerships and attend events in areas of low arts engagement and where communities experience significant socio-economic challenges, to learn about the barriers that prevent people from accessing the arts and to broaden our offer to make the theatre as welcoming and accessible as possible.

The theatre's engagement takes place in 2 target postcodes, HU3 and HU6, in collaboration with local community groups. These groups include the Goodwin Trust, Hessle Road Network, The Parks children's centre, Route 1 Youth Centre and the Veterans Hub.

The community groups Hull Truck works with attend tours at the theatre, take part in regular workshops, visit the theatre with financially-supported tickets and experience theatre in community venues on their doorstep.
